

## HE IS FULL OF HOPE.

Prohibition Chairman Seess Possible Victory Next Year.

Chicago, Dec. 14.-Charles R. Jones thairman of the Prohibition national committee has issued a statement to the people of America relative to the 1908 campaign for president. He de-lares that the Prohibition party is about to come into its own and he predicts that prohibition has a greater show of prevailing at the next presi-dential election than had Republican principles at the time Lincoln received his first elevation. In view of the fact that a prohibition wave seems to be sweeping over America his statement sweeping over America his statement attained great prominence and importance. Already one-third of the states of the Union are living under prohibition. This means that the Prohibition party will expect to find welcome in one-third of the commonwealth of the Union. The statement made by Chas. R. Jones of this city, who is chairman of the Prohibition national committee to the North American Press Syndicate is as follows:

The National Prohibition convention at Columbus, Ohio, next year will be one of the most significant events of 1908 politics, and set the pace for the prohibition issues that will command the attention of press, politician and people alike.

Presidential timber for the Prohibitionists exists today in abundance in almost every state. Men like Governor Hanly, Governor Folk, Governor Glenn, E. W. Carmack are among a list of those prominently mentioned by many Prohibition leaders. But in addition to

tion party is already planning to force every political party in the nation to make a definite declaration on the li-quor issue in the coming presidential campaign. That achieved the people

## ARMY AND NAVY BALL

Given as Farewell to Admiral Evan and His Men.

Old Point Comfort, Va., Dec. 14.—A brilliant naval and military ball was given at the Hotel Chamberlain last given at the Hotel Chamberlain last hight in honor of Admiral Evans and the other officers of the 16 battleships which sail Monday on their notable cruise to the Pacific ocean. The reception and dance in the gaily decorated ball room closed a day given over to locial functions. Ships reported "Ready," and there was little or no work to do yesterday. Enlisted men came ashore in large numbers, while on board the gunners and ward room officers kept open house. Afternoon tea was served on every vessel, and im-

## JORDAN SPEAKS UP.

"That was a wonderful lemon handed the city council by the Topeka Commercial club at its meeting Friday night," said Charles E. Jordan, coun-cilman from the First ward, chairman of the committee on streets and walks of the committee on streets and walks and a prominent member of the committee on public buildings. "The club censures the city, according to one newspaper, for charging \$25 for the use of the city auditorium for one night. The same critic also severely criticises the city because those who rent the hall have to pay \$15 additional for the use of the pipe organ. "If the Commercial club members had looked into the question as carefully as they might they would know that the city has nothing to do with the pipe organ charges. That instrument is the property of the Topeks that association controls its rental. So far as the rent of the auditorium is far as the rent of the auditorium is

Pipe Organ association and of course that association controls its rental. So far as the rent of the auditorium is concerned I will say, on behalf of the city, that its charges are entirely too low. The income of the auditorium is far below the cost of maintainance, to say nothing of the cost of repairs. I will be glad if the Commercial club or any other organization or person will cite a single case in any other city in the United States where a hall in the United States where a hall seating 4,000 persons, comfortably heated and lighted, can be had an evening for twice twenty-five dollars.

"There are people, however, who would want the auditorium for \$1, if the rental charges were \$1,75 an even.

Ask Bonds of Two Thousand Per Mile at Hugoton Meeting.

Other Items of Interest in Railway Circles.

The people of Stevens county are taking an active interest in the new railroad proposed to be run from Garden City to Guymon, Ok. One of the officials of the road was in Hugoton recently and the citizens gave him good encouragement. The Hugoton Hermes says of the meeting held at that time: The taxpayers and other citizens of Stevens county met en masse at the court house Tuesday afternoon to consider the proposition of the Kansas & Texas Railway company to build their line through Stevens county. T. W. Hubbard was elected chairman and R. I. Smith secretary. I. I. Cliffon present L. Smith, secretary. J. L. Gilson, president, and G. W. Gilson, vice president, were present and outlined the road's proposition which was as follows: First, that the people vote bonds to the amount of \$2,000 per mile and exchange the same for a like amount of stock in the same for a like amount of stock in the company. Second, that Stevens county donate the right of way across county donate the right of way across
the county. Third, that the people donate \$250 towards making the survey
across the county; this amount to be
paid when the road is completed and
in operation through the county.
The bonds not to be exchanged for
the stock in the company until the road

is completed and in actual operation.
All these propositions were unanimously agreed to by the meeting. It will be seen that the only dona-tion made is the \$250 and the right of way across the country. POLICE HAVE WHITE ELEPHANT.

He Is John Blevins, a Helpless Paralytic Jointist.

The police have a "white elephant" on their hands, in the person of John Blevins, a jointist. Blevins was arrested for selling liquor down in the "bottoms" district, but was not jailed because he is helpless, being paralized from his waistband to the soles of his feet. A month ago he was carried into police court in a chair, and found guilty. A fine of \$100 and 30 days in fail was assessed, but the positive decided they would rather forego the pleasure of punishing him, and he was hauled back to the "bottoms." Last night Chief Eaton ordered him brought in on committment because it was reported that he was again selling liquor. Again the paralytic was "toted" into the police station on a chair, and lodged in the hospital room. It takes a detail of two men to wait on the cripple, who can not get out of his chair by an effort of his own. It is not necessary to lock him up for safe keeping.
